This certificate is generated and controlled by electronic means. No signature is required.

This certificate relates specifically to the sample(s) that were drawn and/or provided to Ixom Operations Pty Ltd or its agent or contractor. The information specified in this certificate provide no warranty, guarantee or verification on the sample(s) representing any specific goods and/or shipment of goods and only relate to the sample(s) as received and tested by or on behalf of Ixom Operations Pty Ltd. This certificate is valid as at the date and time of issue. The customer is advised to review the information set out in this certificate in the specific context of its intended application. To the maximum extent permitted by law, Ixom Operations Pty Ltd and its related bodies corporate exclude any and all loss and damage of whatsoever nature arising out of or in connection with the use of or reliance upon this certificate. It is the exclusive responsibility of the customer to undertake its own inquiries to ensure that the sample to which information in this certificate relates is fit or suitable for its uses, purposes, applications, processes or equipment.
